Thank you, Dick. We appreciate the quick response.

To clarify one note, the March 2019 submissions will not include the draft RI Report, but rather the draft Phase II Site Characterization Data Summary Report.

Best,
Laura

Laura,
The DEQ appreciates the opportunity to review and comment on the various plans, deliverables, reports, etc. associated with the on-going RIFS.
The DEQ does not have any comments on the interim risk deliverables. DEQ is doing a quick review of the final BERA work plan red-line, and we do not anticipate any significant comments.
Thus, DEQ would encourage CFAC/Roux to proceed with preparation of the baseline risk assessment reports. The DEQ looks forward to reviewing the draft BHHRA report, the draft BERA report, and the draft RI report in March, 2019.
Thank you.

Subject: CFAC Risk Assessment Interim Deliverable Comments

Hi Dick,

In the interest of keeping the risk assessment preparation moving along, we were curious if MDEQ is preparing comments for the risk assessment interim deliverables, and if so, is there an estimated date for submitting comments to CFAC/Roux?

Thank you,
Laura
